Chamber Call To Action

As a key stakeholder in our regional economy, you understand the profoundly devastating impact two new North Jersey casinos would have on our marketplace and the entire state. Please join the No North Jersey Casinos Coalition at a Get Out The Vote Rally to share information on what businesses, their employees, and the general public can do to help defeat the referendum by voting **NO** on Question 1...and encouraging others to do the same. Please share this flyer with your employees and contacts and urge them to attend.
