GUHRING

TM

Tool Management
Powered by

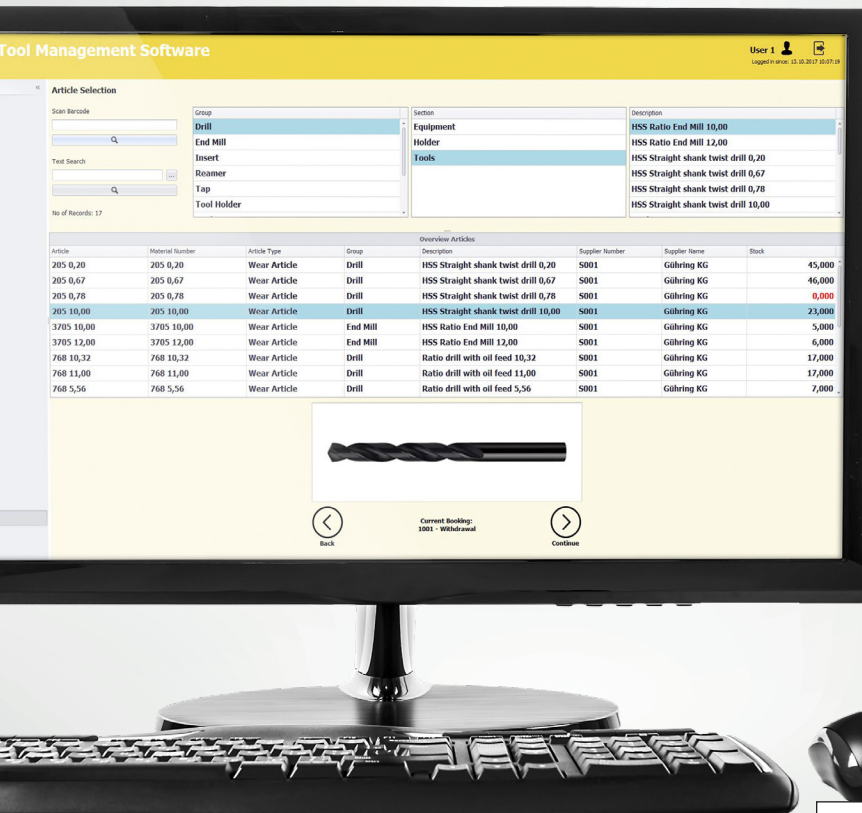

GUHRING

Features:

- Serial Number Tracking
- Traceability and Accountability
- Last & Next Calibration Status
- Monitor Calibration Schedules
- Monitor Loan Periods
- Automated and Manual Reporting
- One-Click Status Reporting
- Advanced Notification for Upcoming calibration Due Dates
- Traceability of complete life-cycle
- Once-click Copy to Create Like Item
- Link item to certifications, blueprints, procedures, and photos
- Incoming Inspection Data
- Calibration Procedures Option
- Gage Repeatability and Reproducibility
- Audit Data
- Parts Association
- Claims Data
- Supplier Rating, Delivery Status, Best & Worst Measuring Results Analysis

Traceability Options:

- Number of Withdrawals
- Status
- Calibration Intervals in Days
- Loan Period: Hours/Days
- Number of Measured Parts
- Number of Operating Days
- Serial Number
- Lock Reason
- Acquisition Date
- Last and Next Calibration Date
- Out of Service Date
- Place of Usage
- Person Responsible for Gage
