

Emanuel Ben-David, Visiting Scholar

On War and Peace

Sunday, November 19, 2017

10:30 AM - 2:30 PM

Temple Beth Hatfiloh is honored to welcome Emanuel Ben-David as our Visiting Scholar on Sunday, November 19th. A native Israeli, Emanuel has unique insights to share with us. Please join us for one or, if you can, both presentations. A catered lunch will be provided for \$8 per person. You are welcome to bring a brown bag.

In the **morning presentation at 10:30 am**, Emanuel will walk us through events and situations that rocked Israel, leading to the 1967 Six Day War. That war has ramifications that continue to affect the possibilities for peace to this day. This year marks the war's 50th anniversary.

In the **afternoon presentation at 1:00 pm**, Emanuel will describe his personal experience working for decades for Rafael Advanced Defense Systems, one of the three major defense contractors in Israel. Among the technologies and products he worked on were the Iron Dome and David's Sling, two of the three layers of Israel's missile defense architecture. Emanuel will also give an example of how defense technology has been transposed to the medical arena, providing life-saving breakthroughs.

Emanuel Ben-David was born in Haifa, Israel. He is a graduate of the prestigious Technion University in Haifa in Mechanical Engineering and also holds a MBA degree. He served in the Israel Defense Forces (IDF) for three decades (both mandatory service and in reserves) as a naval officer. He was involved in defense and technology for more than 40 years. Emanuel lived in Israel until 2014 when he retired and moved to Ashland, Oregon with his wife. He has been studying for the rabbinate and anticipates being ordained as a Rabbi this summer.
