## **RAKIE REHKOP**

### **Awakening the Divine Reality**

**The Stage Is Now Set for  
Heaven on Earth.  
We are Calling on all  
Starseeds to step into your  
Divine Destiny!**

**All the great Ones who came before have embodied through you, that you may see the future through. This is the time, and the place, and you each have huge roles. Rakie, with his partner Linda, will present what it would take to see your original desire from your point of origin come into full expression.**

**"As you, the human child goes, so goes Mother Earth. As the Mother goes, so goes Father Sun. And so go all dimensions, all timelines, all ancestry gone before."**

**Rakie's channeling sessions over the past 25 years have had much to say on this tipping point for all times and all places.**

**Will the free will creator-human be able to bring Divine Will into form, manifesting a loving creation into a reality? It is, as of now but an experiment in consciousness. Although there are millions upon a planet of billions who understand our destiny as a species, the human being has so far come into a small portion of his/her intended expression. The world has yet to experience paradise, as a dominion of mutually benevolent Creators. So let's take some time to grasp dilemmas we have faced through ancient and present times.**

**Here are some of the areas to be discussed:**

- **The Immensity of cause and effect at our door**
- **Those that have spent time with Metatron's Wheel (c) know there are two ways unreconciled energy gets home... through the heart, or through physical breakdown. You will be shown tools that help open the heart in highest cause.**
- **The particular Magic of the Retreat area**

**If you are being called to Colorado Springs for this retreat, you will learn what the Garden of God's and entire Pikes Peak area have to do with Lemuria and a time shift that occurred there.**

**You will also learn:**

- **How to Generate Light and how to amplify Light.**
- **How to increase enduring light for the world by activation of Pyramids and Mountaintops**
- **What is there to help now to deal with a rift in the space time continuum.**

**The information and meditations offered will further the illumination work we can do at both sites: Pikes Peak, which is called Tava Kiva, and the Garden of Gods. When time is sufficient, we may also visit the stargate at nearby park named Garden of Divinity<sup>1</sup>**
