

# Naloxone/Narcan® Training

**Tuesday, February 28, 2017**

**6:00 – 7:00 p.m.**

**UConn Health, 263 Farmington Ave, Farmington, CT**

**Low Learning Center (Ground Floor)**

Please join **Julia Telfer** of AIDS Connecticut (ACT) and **Gillian Kuszewski, PharmD**, of UConn Health, for a Naloxone/Narcan training/presentation. Topics will include:

- History and background of community naloxone programs in CT
- Risk factors for and clinical presentation of a person with an opioid overdose
  - Introduction to naloxone as an opioid antagonist
  - Responding to an overdose and administering naloxone
- Special topics for health profession students and health professionals

*Julia Telfer, MPH*

*Session facilitated by **Bruce Gould, MD**,  
Associate Dean for Primary Care and  
Director, CT Area Health Education  
Centers, UConn School of Medicine*

*Gillian Kuszewski, PharmD*

**Students, faculty, staff and community members are welcome!  
Pizza will be served!**

**A limited number of kits will be available at the training for  
those who need one.**

**Please register for this *FREE* training by visiting:**
