

# First Group of Foxconn Subcontractors and Suppliers Announced

Foxconn and M+W | Gilbane announced the 28 subcontractors and suppliers selected for the first phase of site development work for the Wisconn Valley Science and Technology Park. The contracts awarded have a total value of \$100 million and site development will require 500,000 hours of work and create 800 direct and indirect jobs. Following through on the 'Wisconsin First' approach, 27 of the 28 contracts were awarded to Wisconsin companies, including several minority-, women-, and veteran-owned businesses. Among selected subcontractors and suppliers were Neenah Foundry in Neenah, and Panacea Group from Seymour.

This announcement is only the beginning. Calumet County businesses are encouraged to visit the Wisconn Valley website for details about getting involved.
