Zaire conflict stretches beyond borders, expert says

Problems in Zaire are not limited to a few internal matters but are problems that affect everyone, UW-Madison Professor Alain Songolo said Wednesday night. "If something happens that diminishes the human spirit, it diminishes us," he said.

Songolo, a native of Zaire, discussed at the Memorial Union the session titled "The Troubles in Zaire: a discussion with Prof. Alain Songolo, a native of Zaire, discussed the situation in Zaire." His talk began with a review of the history of the conflict in eastern Africa.

Songolo, originally from the city of Kinshasa, outlined the history of the conflict, ranging from takeover attempts to the 1990s to the most recent movements of refugees in the area.
