"It was my great pleasure to participate in the judging. I was absolutely impressed with the young people in our state - their leadership, confidence, and poise. It was gratifying to see them participate at many levels. These are the people in whom our future rests."

- Kate Mietus, Retired Educator

Future Business Leaders of America (FBLA) is the largest student business organization in the world. Each year, our organization helps over 230,000 high school and college students prepare for careers in the business world.

FBLA's programs align with curriculum standards through our motto of Service, Education, and Progress. Through the FBLA competitive event program, members can compete at the local, state, and national level.
