

Fernbrook Farm CSA Winter Share 2017-18

We are very pleased to announce our fifth annual *Winter Share!* This is an opportunity to continue to get Fernbrook Farm produce from December to March!!

How Will It Work? We will distribute produce in the form of a pre-made box—once a month. We will have boxes available for pick-up at the farm shop during a 3-day window for your convenience. These will be: **December 6th–8th; January 10th–12th; February 7th–9th and March 7th-9th.** The share will be accessible from 9AM to 6PM on Thursday and Friday (we can leave a box out for you if you'll be later than 6pm!) and 8AM—noon on Saturday.

What Will I Get? Good question! We anticipate about 18-22 pounds per month (may be more; may be less) of our own roots, cabbage, greens, squash, and some apples from Strawberry Hill Farm! As is the case with our main season CSA, we can't say for sure exactly what you'll get but we have been working hard to grow a lot of our winter crops for the share!

We anticipate having:

*Potatoes *Sweet Potatoes *Garlic* *Lettuce *Carrots *Winter Squash *Kale *Rutabaga *Spinach *Winter Radishes
*Collards *Beets *Cabbage *Apples *Frozen Peppers *Turnips
And More!!

We won't have every veggie every month (sweet potatoes for instance aren't great keepers like other roots). But we project a full, diverse box each month!

COST - \$185 for a winter share. *We are limited to about 90 shares!*****

Please Return this slip with \$185 check made out to 'Fernbrook Farm CSA—Or Pay Via Credit Card At The Farmshop!
