

Fernbrook Farm CSA Winter Share 2017-18

We are very pleased to announce our fourth annual *Winter Share*! This is an opportunity to continue to get Fernbrook Farm produce from December to March!!

How Will It Work? We will distribute produce in the form of a pre-made box—once a month. We will have boxes available for pick-up at the farm shop during a 3-day window for your convenience. These will be: **December 7th—9th; January 11th—13th; February 8th—10th and March 8th—10th.** The share will be accessible from 9AM to 6PM on Thursday and Friday (we can leave a box out for you if you'll be later than 6pm!) and 8AM—noon on Saturday.

What Will I Get? Good question! We anticipate about 20-24 pounds per month (may be more; may be less) of our own roots, cabbage, greens, squash, and some apples from Strawberry Hill Farm! As is the case with our main season CSA, we can't say for sure exactly what you'll get but we have been working hard to grow a lot of our winter crops for the share!

We anticipate having:

*Potatoes *Sweet Potatoes *Garlic* *Carrots *Onions *Winter
Squash *Kale *Rutabaga *Parsnips *Spinach *Winter Rad-
ishes *Collards *Beets *Cabbage *Apples And More!!

We won't have every veggie every month (sweet potatoes for instance aren't great keepers like other roots). But we project a full, diverse box each month!

COST - **\$175 for a winter share.** ***We are only selling about 90 shares so they'll be first come; first served until we sell out.***

Please Return this slip with \$175 check made out to 'Fernbrook Farm CSA'
