

Help needed! The Presbyterian Campus Ministry at Marshall is an Ukirk ministry charged with reaching, teaching, and loving college students so they may be lifelong followers of Jesus Christ.

We meet weekly during the school year (Tuesdays, 7 pm, at the Campus Christian Center).

We are currently in a rebuilding year in regards to the program as the PNC searches for the next Campus Minister to serve the Marshall UKirk program and we need YOUR help identifying students who might be interested in being a part of this ministry.

Here are ways you can help:

1. **Send** us the name, email, and phone number of students that you know are coming to WVU to marshallukirk@gmail.com. We do not receive names from the university about interested students. So, our best source for reaching students are your referrals. Also, you can share students' names with other campuses throughout the country by going to <http://www.ukirk.org/> and clicking on ministries, then find the state and contact info for referrals. All ministries need help connecting with students.
2. **Encourage** students, congregation members, and families to follow us on twitter (@marshallukirk) and like us on Facebook (<https://www.facebook.com/groups/marshallukirk/>),
3. **Share** all this information in your church newsletter and check out our website at marshallukirk.com for more information about upcoming events.
4. **Encourage** your students to make this ministry a priority in their lives while on campus. The majority of participants in the ministry are here because pastors, friends, youth leaders, and others told them how valuable the Presbyterian campus ministry is in college.

Thank you.
