

Challenging the Church – the Rise of the “Nones”

Rodger Nishioka will be with us on Saturday, November 12, at Bream Memorial Church

(317 Washington Street West, Charleston)

As of 2015, the Pew Forum on Religion and the Public Life reports that the fastest growing religious group in the US is the “Nones,” those who when asked their affiliation reply, “none.”

Please join us on Saturday, November 12, as Rodger Nishioka (read his biography on the registration form for this event-see link below) will lead a conversation on:

- 1) whose these “nones” are and why they see little need for the Church
- 2) best practices that a number of congregations are doing to reach out to these persons and what they congregations are learning
- 3) strategies for congregational leaders to apply to their ministry

Complete information and the registration form can be found at
