

## **Position Opening: Director of Architecture**

Solid Light, Inc., located in Louisville, KY, designs and builds visitor experiences that engage, enlighten, and inspire. From initial concept through final installation, our talented team of designers, writers, filmmakers, architects, and project managers creates innovative solutions to fit any project.

We are aggressively seeking an enthusiastic and experienced Director of Architecture who can contribute to all facets of Solid Light's business and who will provide design expertise for the successful execution of projects while upholding the excellence of the Company's product; and who will support the creative endeavors of the Company. The Director of Architecture will represent the Company in interactions with clients, the client's architects, engineers, and consultants to fully integrate Solid Light's scope of work into the overall project. The Director of Architecture will lead the development, refinement, utilization, and execution of Company architectural standards and working methodologies.

### **RESPONSIBILITIES (AS ARCHITECT OF RECORD)**

- Act in accordance of the law to uphold all rights and responsibilities as an Architect in the States in which license is active.
- Act in accordance of the Code of Ethics of the professional associations where membership is active.
- Work directly with the President of the Company and the Executive Production Director to determine applicable scope of work between clients and Solid Light for architectural services.
- Lead and execute contracted architectural services for projects to the best of ability, professionalism, and standard of care.
- Integrate architectural services into projects, coordinating with Project Teams to ensure projects adhere to overall vision, budget, and schedule.

### **REQUIREMENTS FOR THIS POSITION**

#### **MINIMUM EDUCATION & EXPERIENCE**

- Architectural degree required.
- Minimum ten (10) years' experience in working as a licensed Architect.
- Minimum ten (10) years' experience in producing architectural and/or exhibition design.

#### **SPECIALIZED TRAINING, SKILLS AND ABILITIES**

- Architectural license required.
- Proficient in AutoCAD, 3D software, and Adobe Creative Suite.

- Proficient understanding of computer applications to include Microsoft Office suite and the Internet.

Solid Light provides a generous benefits package that enhances the entire compensation package.
