

Earning CEUs and a Certificate of Attendance at NYSABA this year

NYSABA is working with CEUHelper© this year to offer a paperless system for **tracking CEUs** and **issuing certificates**, instead of using paper CEU sheets.

If you would like to earn CEUs at the conference this year, please **set up a CEUHelper© account online**. It is best to do this from a computer before arriving at the conference. Visit <https://ceuhelper.com/info> for step-by-step instructions to create an account and get the app on your phone. Watch the video tutorial too! The video will help you use CEUHelper© at the conference.

Once at the conference, use the app on your smart phone to scan a QR code to check in and check out of each presentation that you attend to keep track of CEUs. Make sure to submit your CEUs on the app when the conference is over.

You MUST still pay for CEUS when you register! After the conference, we will review all CEU attendance logs and issue CEU certificates to everyone who has recorded attendance AND paid for CEUs. You will be notified by email when CEU certificates have been processed. Log in through the app to download a CEU certificate for your records.

If you would rather not use CEUHelper© on your phone, request a temporary paper badge when you check in at the conference. Then, one of the volunteers will scan your badge at each presentation.

You can also use CEUHelper© to obtain a **certificate of attendance** at NYSABA. There is an option when you set up your certifications for “Certificate of Attendance.” Please add this if you need a certificate of attendance for work or other documentation.
