

VitaLife Force

Nutrient Rich Causal Chain Supplementation

180 Capsules

Directions: 3-6 capsules 2x daily

Matrix Nutritional Series

Anti-oxidant, Inflammation, Toxic Overload

Traditional Keynotes:

- Intracellular toxic overload
- Antioxidant
- Alkalizing minerals
- Energy
- Liver support
- Anti-inflammation
- Immune support
- Anti Aging
- IGV/Digestive challenges
- Heavy metals
- Radiation
- Hormonal
- Arthritis
- Sugar handling
- Iron
- Healthy skin

Causal Chain Remedies:

- Green Light
- Glutathione (GSH) Liposome
- Green Tea Catechins
- Gynostemma BioForce
- BioHealth Matrix
- Laminaria
- Glutamine Complex PLG-U Powder
- Flora Syntropy
- Bio-A Curcumin Phytosome
- DIM Liposome
- HepataGest Powder
- PRP53 Code Liposome Spray
- Methyl-B12 Liposome Spray
- Metal-Tox

Ordering Information

8:30 am—5:30 pm EST
Monday—Friday

Matrix Nutritionals Series was designed as an eclectic offering for the Physica Energetics line of remedies primarily to assist in the "reactivation of the mesenchyme" (Dr. Reinhold Voll), via the nutritional complement pathways. These pathways are present in every system throughout the body and require balanced attention. In keeping with the principles of BioEnergetic Medicine, the remedies nourish and support these systems without punishing them with overstimulation or imbalancing factors, which, ultimately, is counterproductive. This approach has been carefully and respectfully designed to provide the necessary natural (organic where available), synergistic factors in proper energetic and biochemical ratios, to ensure assistance towards yielding a deep and lasting result. They are not to be confused with replacement therapy nutraceuticals that may seem to help for the moment, until the patient stops taking them or the condition is driven deeper. These remedies honour The Legacy of BioEnergetic Medicine, and are known by both patient and practitioner to be exceptionally effective.

This is not just another "superfood" Dark Green! Bright Red! Dark Blue!

"Nutrition is Inherently Colorful. A Great Tribute to the
Forces of the Vitality of Life"

- Dr. Robert Cass

Contained in these colorful patterns are nutrient dense substances available to us through immediately assimilable phyto-nutrients, vitamins, minerals, antioxidants, sulfur containing and cyto-protective compounds, flavonoids, alpha lipoic acids (ALA), omega 3 fatty acids, diindolylmethane (DIM), super oxide dismutase (SOD), and amino acids...just to name a few! However, as respected Legacy doctors and researchers such as the great nutrition pioneer, Dr. Royal Lee proclaimed, "*Nature contains substances known and unknown*".

And while these inherently rich nutrients are biochemically important particularly in their unadulterated form, their bold natural coloring is revealing of an *intrinsic, oscillatory* or *vibratory frequency* which is equally important and *vital*, a fact well understood to those who include the practice of BioEnergetic Medicine in their healing arts' clinics.

This frequency-specific, target formulation is free of pesticides, insecticides, heavy metals, neurotoxins, artificial colors, excipients, magnesium stearates, harmful sweeteners and a plethora of other potentially dangerous chemicals often found buried in the capsules or in the so called, "non-medicinals". Often these non-medicinals and other manufacturing short cuts create causal chain and bio-resonance interference as

well as reducing the accessible potency of the nutrients. Simply put, VitaLife Force is a naturally bio-available, nutrient packed green, red and blue whole food supplement, containing 100% organic, gluten-free, non-GMO, powdered juices, botanicals and enzymes.

The *life enhancing template* emerging through wise and respectfully chosen ingredients in this highly energized formula serves to naturally help compensate for the Ameri-Canadian diet! and enhance the innate and natural healing capacity of body, mind and heart.

**The Right Remedy for the
Right Time at the
Right Level in the
Right Sequence**

In the face of this overwhelming poly-systemic, toxic complexity in which we all find ourselves, VitaLife Force serves to provide a substantial and wholesome daily nutritional foundation to *buffer, feed, weed and restore!*

Included in the formula is a proprietary vegan digestive enzyme blend which performs synergistically with the already enzymatically charged nutrients as they work throughout the pH variations in the digestive tract. This unique blend is protease free to provide for those with clinical/subclinical ulcers or lesions to comfortably access the therapeutic value of the vibrant nutrients.

We don't need a large mixture of ingredients to get us there. We need exactly the *right ingredients*, in the right *proportions* and *ratios, conscientiously sourced and targeted!* VitaLife Force was created for this specific biological and energetic purpose.

(6) Veggie capsules contain:

Organic Barley Grass Juice Powder 400 mg
Organic Kale Sprout Powder 340 mg
Organic Parsley Juice Powder 320 mg
Organic Pomegranate Juice Powder 170 mg
Organic Schizandra Berry Juice Powder 190 mg
Organic Spinach Leaf Powder 240 mg
Organic Broccoli Sprout Powder 340 mg

Organic Acai Juice Powder 120 mg
Organic Chlorella pyrenoidosa (cracked cell-wall/CGF) Powder 400 mg
Organic Beet Juice Powder 220 mg
Organic Goji Berry Juice Powder 120 mg
Organic Blueberry Juice Powder 130 mg
Proprietary Vegan Digestive Enzyme blend:
(Amylase, Cellulase, Lipase, Lactase) 100 mg

Synergistically Formulated Ingredients

Organic Barley Grass Juice Powder 400 mg: The high concentration of superoxide dismutase protects the cellular DNA from destruction neutralizing the effects of oxygen-free radicals and improving the body's ability to deal with stress. Intrinsic enzymes and inherent chain ingredients such as glutamic acid present in barley grass act as neurotransmitters and works against senility, concentration and learning disorders. Catalase enzymes decompose and neutralize the effects of toxic hydrogen peroxide which is produced during respiration and may help suppress the proliferation of cancer cells. It assists lymphatic mobilization and nourishes and oxygenates the vascular system and provides healing and soothing for mucus membranes.

Organic Kale Sprout Powder 340 mg: Rich in vitamin K, vitamin A and vitamin C along with other vital nutrients, the health benefits of kale include detoxification, heart support, cancer prevention. Isothiocyanates made from kale's glucosinolates have been shown to favorably modify Phase I and Phase II liver detox due to the high concentrates of sulfur compounds. Among vegetables, kale contains the highest concentrations of lutein and zeaxanthin, two carotenoids known to absorb blue light, acting like sunglass filters to prevent eye damage from excessive exposure to ultraviolet light (think computers, etc). *Blue light toxic!* Several studies show that eating lutein-rich foods such as kale had up to a 22% lower risk for cataracts.

Organic Parsley Powder 320 mg: The high vitamin K content promotes not only bone strength, but it also has a role in the treatment and possible prevention of Alzheimer's disease by limiting neuronal damage in the brain. The apigenin in parsley was also shown to dramatically inhibit breast cancer cells in a celebrated study done at the University of Missouri. Erythrocyte glutathione reductase (a polypeptide important in oxidation-reduction) and superoxide dismutase (which removes free radicals) activities were found to increase during intervention with parsley.

<http://www.ncbi.nlm.nih.gov/pubmed/10615220>, Effect of parsley (*Petroselinum crispum*) intake on urinary apigenin excretion, blood antioxidant enzymes and biomarkers for oxidative stress in human subjects, Jan 2013

Organic Pomegranate Juice Powder 170 mg: Pomegranate juice is known to be rich in polyphenols with potent antioxidant activity and the power to inhibit cell proliferation, invasion, and promote apoptosis (cell death) in various cancer cells. Potential anticancer effects of pomegranate extracts and genistein (plant-based phytoestrogen) on the inhibition, proliferation, and apoptosis of breast cancer cell cultures have been studied. <http://www.ncbi.nlm.nih.gov/pubmed/22945439>, Proteomic exploration of the impacts of pomegranate fruit juice on the global gene expression of prostate cancer cell, Oct. 2012 <http://www.ncbi.nlm.nih.gov/pubmed/16379557>, Anticancer activities of pomegranate extracts and genistein in human breast cancer cells, Oct. 2012

Organic Schizandra Berry Juice Powder 190 mg: Its benefits include lowering inflammation; supporting adrenal function; improving liver function and digestive health; protecting the skin; improving mental performance; and helping with healthy sexual function.

From the literature: As a ginseng like adaptogen it affects both the excitatory and inhibitory processes of cerebral cortex to bring balance; it stimulates the respiratory system making it antitussive and expectorant; lowers blood pressure; promotes the discharge of bile, lowers serum transaminases, and protects liver cells; increases cellular immune function and thus significantly enhances the SOD activity of brain, liver, spleen SOD (immunity-improving, anti-oxidation, and anti-aging effects); inhibits *Staphylococcus aureus*, *Klebsiella pneumoniae*, *Salmonella enterica*, *Pseudomonas aeruginosa*, and more.

Lam PY, Ko KM Schisandrin B as a hormetic agent for preventing age-related neurodegenerative diseases. *Oxid Med Cell Longev*. (2012)

Organic Spinach Leaf Powder 240 mg: Contains amino acids, carotenoids, potassium, iodine, magnesium, iron, Vitamin C, A, E, B Complex, Iron and K. All the minerals present in this healthy vegetable are alkaline in nature. Thus, they help maintain the pH level balance in the body.

Organic *Chlorella pyrenoidosa* CGF (cracked cell-wall) Powder 400 mg: A single-celled organism that has been used for many years as a nutritional supplement, can help flush methylmercury from your system. *Journal of Toxicological Sciences* 2010; 35(1): 101-105 *Chlorella's* cleansing action on the bowel and other elimination channels, as well as its protection of the liver, also helps promote clean blood. It supports the elimination of molds from the body and promote growth and tissue repair while increasing the oxygen carrying capacity of the blood. Note the exceptionally high concentration of CGF chlorophyll!

Organic Broccoli Sprout Powder 340 mg: Broccoli is a particularly rich source of such compounds, including Indole derivatives indole-3-carbinol (I3C) and isothiocyanates. Studies have suggested that sulforaphane, the sulfur-containing compound that gives cruciferous vegetables their bitter bite, is also what gives them their cancer-fighting power. Phytonutrient diindolylmethane (DIM) promotes healthy estrogen balance.

J. H. Cohen, et. al. Fruit and vegetable intakes and prostate cancer risk. *Natl. Cancer Inst.* Jan 2000; 5;92 (1): 61-8.

Organic Acai Juice Powder 120 mg: Acai fruit has been shown to have antioxidant effects by scavenging reactive oxygen species. It also protects human vascular endothelial cells against oxidative stress and inflammation, down regulates IL-6 and -8 expression at mRNA and protein levels, and inhibits gene expression of adhesion molecules and NF-kB activation. The anti-inflammatory effects of acai may be via inhibition of nitric oxide production or cyclooxygenase (COX) 1 and 2. Acai also induces apoptosis in HL-60 leukemia cells through caspase 3 activation. The cytotoxic effects of acai extracts on various malignant cell lines are exerted via increased expression of LC3BII, a protein marker of autophagosome formation.

Del Pozo-Insfran D, Percival SS, Talcott ST. Acai (*Euterpe oleracea* Mart.) polyphenolics in their glycoside and aglycone forms induce apoptosis of HL-60 leukemia cells. *J Agric Food Chem* 2006;54(4):1222-9.

Silva DF, Vidal FC, Santos D, Costa MC, et al. Cytotoxic effects of *Euterpe oleracea* Mart. in malignant cell lines. *BMC Complement Altern Med*. 2014 May 29;14:175.

Organic Beet Juice Powder 220 mg: Traditionally, beets are valued for their support in detoxification and helping to purify the blood and liver. Beets are a unique source of betaine, a nutrient that helps protect cells, proteins, and enzymes from environmental stress. It's also known to help fight inflammation, protect internal organs, improve vascular risk factors, enhance performance, and likely help prevent numerous chronic diseases.

Organic Goji Berry Juice Powder 120 mg: The "wolfberry fruit," as goji berries are known in China, has been used in traditional Chinese medicine (TCM) since around 200 B.C. Goji berries have been extensively researched for their ability to generate general feelings of well-being, improve neurologic/psychologic traits, support better gastrointestinal health and bowel functions, help build stronger musculoskeletal systems, and improve cardiovascular health. Traditionally, they've also been used to fight depression and anxiety or other mood disorders. They're a high source of antioxidant beta-carotene. They have been shown to reduce blood glucose, regulate cholesterol levels and keep triglycerides at an ideal balance, they're also shown to prevent heart disease.

Organic Blueberry Juice Powder 130 mg: Blueberries are a good source of pterostilbene, vitamin C, vitamin K and fiber. The color of blueberries, from deep blue to purple, is caused by a group of flavonoids called anthocyanins, which have remarkable antioxidant power. Laboratory tests suggest that anthocyanins may help to prevent degenerative diseases, including cancer, heart disease, stroke and memory loss.

J Nutr. 2010 Sep;140(9):1628-32. Epub 2010 Jul 21. "Dietary blueberries attenuate atherosclerosis in apolipoprotein E-deficient mice by upregulating antioxidant enzyme expression."
