Congregate with your physician colleagues Commiserate about practicing medicine today Collaborate to enhance your professional satisfaction Celebrate the reasons you chose Medicine

MCMS invites you to attend one of our five **PHYSICIAN COLLEGIALLY DINNERS**. It's a chance to congregate, commiserate, collaborate, and celebrate with each other!

We are going **back to the basics** of physician collegiality where sharing cases and supporting each other was the norm. When **mutual respect and understanding was key** to your success and professional satisfaction.

Take a night off. Relax. Unwind. Bring a member colleague. See physicians you may not have seen in years or meet a new referral source.

It will be good for you. It will also be good for your patients.
