Akeelah Anderson, 11, is great with words; a gifted speller, she is encouraged by her principal, Mr. Welch, to compete in her middle school's spelling bee. After winning the bee and meeting Dr. Joshua Larabee, visiting professor of English and Mr. Welch's college buddy, Akeelah embarks on an amazing journey, filled with triumph and sacrifice, as she, with Larabee as her guide, sets her sights on winning the Scripps National Spelling Bee!
