Transportation is a **very important** part of being **independent**. Riding a bus can be confusing if you were never taught how. This is why we are **providing training that is specially designed for youth and young adults with disabilities**. You will also learn about the different types of transportation services that Jefferson Parish Transit has.

We hope to teach you how the bus system works, how to use it, and we will provide you with a live demonstration. There will also be a short bus tour around the park. Come and bring your questions and get ready to explore the bus!
