National Day of Prayer
Ideas Used by Lutheran Schools

1. Place a chalk board in the lobby of the school asking parents for prayer requests.
2. Conduct a "Prayer Vigil" in the church or other appropriate place during the school day. Have each class take a 20-30 minute block of time. Invite parents to participate.
3. Have every class review (as age appropriate) Section 2 of LSC on "Daily Prayers." Then have students write out a card for shut ins with one or more prayers in the card.
4. Talk with students about how they might share prayers with others not in your Lutheran school. Then pray for them.
5. Have each of your students pray with another student in the class or in another grade.
6. Adopt a Community Service agency and pray with and for them. Eg. Fire Department or Foodbank
