

BUTTON COORDINATOR

Two or three times a year we make buttons, often in hilary's kitchen.

Job description: Learn to make nifty 2 1/4" buttons using our equipment. Then, initially with our help, organize 2-4 volunteers to make buttons. Supervise 2-hr. sessions 2-3 times per year. Teens, this could be a perfect Community Service opportunity.

Time required: 3 hrs. per session incl. set-up/clean-up. You usually get to choose a time/place that's convenient for you.

Skill set: We'll happily train you on the "machine." We own one and a CanDo friend lends us a second. Training takes about 1/2 hour. In an additional hour, we'll make a batch of buttons so you can learn what to do if something goes amiss.

A bit of arm strength is required to get it done, but buttons may be made sitting or standing, as you like it.

You know you've always wanted to add "button maker" to your resume. [Email NVCando@gmail.com](mailto:NVCando@gmail.com).
