

### New - A Pro/Am Race at 2017 RAKC

That's right! Thanks to **Schomp BMW & MINI**, this year's RAKC will feature a Pro/Am race as the last race on Saturday, July 29. Ten Schomp cars (5 BMWs and 5 MINI Cooper S's) and up to 10 professional drivers, depending upon availability, will be paired with RMVR drivers to compete head-to-head. So far, Ross Bentley, Randy Pobst, Robb Holland, Robby Unser and Nick Ham are onboard and very excited!

**How will the Pro/Am race work?** This race will be two racing sessions with a mandatory pit stop half-way to change drivers. The Pro driver will drive one session, and the RMVR member will drive the other session.

**How will the RMVR members be selected for the Pro/Am race?** This unique opportunity will be offered to the 10 RMVR racers who fundraise the most dollars to benefit The Morgan Adams Foundation.

Watching this Pro/Am race will be very exciting, but the thrill of driving in it will be a once-in-a-lifetime opportunity. If you want a shot at it, get busy fundraising!

Your fundraising headquarters is [raceagainstkidscancer.org](http://raceagainstkidscancer.org). On this site, you can [set up your personal donation page](#) to facilitate online donations, track your fundraising progress against other RMVR members, access sample [fundraising letters/emails](#) and social media posts, and

more. In addition, a special RMVR News email that is being sent to all RMVR members will provide you detailed instructions on how to set up your personal donation page.

**The fundraising page is live and already accepting donations so get started today!**

Thanks, Schomp, for making this amazing race possible! Stay tuned for more information in the coming weeks/months.

### **Another New RAKC Feature - Run Group Team Captains**

Each team will be competing for the **RAKC Ambassador Award**. This new award will be given to the team that fundraises the most dollars for The Morgan Adams Foundation and best exemplifies the spirit of this amazing annual event. So, when you're out there collecting sponsorships, not only will you be increasing your chance to drive in the Pro/Am race, you'll be helping your team "ZOOM to Victory".

Watch for communications from your Team Captain.
