

LIBERTY BIBLE CHURCH

Frequently Asked Questions for Changes to Chesterton Campus Worship Schedule

Why were those two times selected?

- Statistics show the ideal time for church is 10am. The early 8:30am slot is only a minor adjustment to our historic earliest gathering.

Why start this on August 19?

- It's the Sunday after school is back in session and fits with Fall attendance patterns.

Why go from five gatherings down to three?

- Our venues are enhanced when they are between 50-80% full. Along with consistent live preaching and worship, they will be a place to invite and bring a friend. For more information, [watch the video](#).

But I attend worship at 11am, why are you taking this service away?

- Both the Worship center and Sacred Ground 11am gatherings were well below the 50% attendance mark.

Who was involved in making this decision?

- Elder Board
- Staff
- Ministry Leaders

Is this because Liberty is shrinking?

- No, attendance patterns have shifted. Giving is considerably up since last year. God is using us to impact NWI and beyond with the Gospel. See video for more details.

I don't like this, why were other options not considered?

- This change will impact 100% of people attending our Chesterton Campus. MANY options over many months were processed, we believe this is what is best at this time for Liberty's Chesterton Campus.

Will this "new" schedule ever change?

- Yes, this will be our current Sunday Morning schedule but as needs arise we will adapt as we grow.
