

Trenchless Elevated 2018

Rocky Mountain Chapter
North American Society for Trenchless Technology
8TH Annual Regional Conference

LOCATION & DATE

The Denver PPA
Event Center
2105 Decatur St.
Denver, CO 80211
November 1, 2018

CALL FOR ABSTRACTS

ABSTRACTS MUST BE SUBMITTED ELECTRONICALLY BY MAY 31, 2018

PAPER TOPICS:

The Rocky Mountain Chapter of NASTT (RMNASTT) is now accepting abstracts for its 2018 regional conference in Denver, CO at Denver PPA Event Center on November 1, 2018. Prospective authors are invited to submit an abstract outlining the scope of their paper and the principal points of benefit to the trenchless industry. A variety of trenchless topics will be covered at the conference, and abstracts from the following subject areas are of interest to the selection committee. Case studies are encouraged.

- **PIPELINE REHABILITATION FOR WATER, WASTEWATER & STORM WATER SYSTEMS**
- **ADVANCED PIPELINE CONDITION ASSESSMENT, INSPECTION**
- **PIPE BURSTING, HORIZONTAL DIRECTIONAL DRILLING (HDD), LATERAL LINING**
- **NEW INSTALLATIONS – TUNNELING, MICROTUNNELING, PIPE RAMMING, BORING**
- **TRENCHLESS RESEARCH, EMERGING TECHNOLOGIES, INDUSTRY ISSUES**

SUBMITTAL DETAILS:

Abstract submissions are due by May 31, 2018. Please provide author/co-author contact information, presenter contact information, title of paper/presentation, a brief description of the topic, and your abstract of approx. 150 - 250 words in Word format. Twelve abstracts will be chosen for a 20-25 minute presentation given at the regional conference in November. From the twelve abstracts accepted, 5 will be selected to prepare a technical paper (1,500 words or less) that will be published in the Rocky Mountain Trenchless Journal. If you are interested in participating, please e-mail your completed abstract, presentation proposal, and contact information to Ashley Heckman (AHeckman@AldeaServices.com). Final papers and presentations will be due August 31, 2018.

ABOUT RMNASTT:

RMNASTT is a non-profit organization formed in 2009 to serve as a regional chapter of NASTT. The Rocky Mountain Chapter promotes education and implementation of trenchless technology throughout Colorado, Kansas, Montana, Nebraska, North Dakota, South Dakota, Utah, and Wyoming. The Chapter's goal is to increase education and awareness of tunneling and trenchless technologies for pipeline rehabilitation and new construction applications. The RMNASTT annual conference and short course are valuable educational and networking events for public officials, engineers, utility company personnel, designers, consultants and contractors who are involved or interested in the construction, rehabilitation, and management of underground utilities. For more information, please visit: <http://www.rmnaastt.org/>
