2019 SPONSORSHIP OPPORTUNITIES

2019 Ambassador Program

The Ambassador Program encourages education, compassion, and support for New Jersey's growing autism community. Last April, the Centers for Disease Control and Prevention released a report showing the rate of children identified with autism has risen to 1 in 34 in New Jersey – the highest in the nation.

Ambassadors of all ages engage their communities throughout April, National Autism Awareness Month. This dedicated group is moving past awareness and encouraging others to build communities that embrace and accept individuals and families with autism.
