

IMPORTANT PLEASE READ

August 1, 2016

Dear Parents & Student(s);

As we approach the 2016-2017 school year I would like to take the time to outline and hopefully answer questions concerning the point of sale (POS) system utilized in your school's cafeteria. Please read the following information carefully, and if you have any questions that remain unanswered, please feel free to call the school food service office.

How QuikLunch Works

QuikLunch is a computerized debit system that will allow you to pay in advance for meal purchases. The system works with a twelve key PIN pad located on the serving line that is similar to an automated teller machine (ATM). It will allow your son(s) or daughter(s) to enter their **8 digit personal identification number (PIN)** to access their account. Your child's PIN is his or her Student ID Number that is provided by the school and will remain the same throughout the remaining years your child is enrolled at the school. Please have him or her memorize this number. All students will have an established debit account, although you will not be required to make advanced payments because the system still has the ability accept cash payments on a daily basis; however, he or she will need to enter their pin number for every transaction.

The Benefits to You and Your Child

Just like EZ Pass on the PA and NJ Turnpike, this system reduces time-consuming cash transactions, and makes our lunch lines move much faster, giving your student more time to eat and enjoy breakfast and/or lunch with their friends. This system is very similar to those used in colleges and universities around the country which your son or daughter will be using just a few short years from now. The system also allows us to print reports for you about what your child is purchasing. Plus, if your child has a special dietary need, confidential notes can be added to his or her information so our cashiers know what he or she is or isn't allowed to purchase. With the ability for your child to have a debit account also comes the ability for you to pay for meals in advance. The options for advanced payment are as follows:

DIRECT PAYMENT

You can send **CASH, A CERTIFIED CHECK, or a MONEY ORDER** to your school's cafeteria via mail or your student can bring it directly to the school cafeteria. Cashiers will have pre-printed forms available to be used when making advanced payments. Your child(ren) can bring the form home for you to complete or you can have your child complete the form in the cafeteria. Deposits must be made by 9:30 a.m. and will be available to your child immediately. **We are no longer accepting non-certified personal checks.**

ONLINE PAYMENT OPTIONS

For additional convenience we offer an online lunch account management option through www.payforit.net. PayForIt offers you a convenient way to make advanced payments using a credit/debit card or ACH (electronic checking). This service also allows you to view recent purchases, current balance, and also receive automated balance alerts via email. Additionally, like EZ-Pass, there is an auto-replenishment option as well that you can setup. An Internet Convenience Fee (ICF) of 5.75% will be listed separately for each Credit/Debit Card transaction made using the web service. There is a \$1.75 Flat Fee for transactions made using electronic checks (ACH). The transaction fee is only charged when you use Pay For It (PFI) to make payments to your child's account. There is **NO CHARGE** for using PFI to obtain balance records, check purchases, or to sign up for the service.

There are three easy steps to follow to get started:

Step 1: Signing up for an account with Pay For It. The School District for your school is The Archdiocese of Philadelphia. Where it asks for the Payment method please choose either ACH, or CC/Debit Card.

Step 2: After you have signed up for Pay For It you will be sent a confirmation email. Go to the link in the email and enter the confirmation code to complete the setup of your account.

Step 3: Now that your account has been established you can now add your child to your account. You will need to know your student's Student ID # that is provided by the school to add them to your account, please add the number 10 to the beginning of the student ID. ***NOTE: Incoming Freshmen may not be available on the Pay For It Website until one week prior to the start of school.***

If you have any questions about or need support with PayForIt, a support representative is available Monday-Friday from 8:30AM to 7:30PM by calling 1-800-572-6642.

After you have added your student to your account you will be able to add money to their lunch account, and also view their purchase history. This information will show on your Pay For It homepage. Purchases will be updated on a daily basis. Deposits made by 8AM will be available for Lunch.

Money will be automatically deducted as your child uses his or her account to make cafeteria purchases. There is no limit on the amount of money that can be deposited into a debit account. Utilizing this system also eliminates the need for your child to carry money for School Meals, greatly increasing the speed at which he or she goes through the cafeteria line. Every student will enter his or her PIN number, thus insuring your child's privacy.

Additional Questions and Concerns

ARAMARK is the contracted cafeteria provider for the Archdiocese of Philadelphia High Schools. All questions regarding the POS system are to be directed to the ARAMARK supervisor only. The ARAMARK supervisor will be able to add money to all students' accounts and they will be able to refund balances should the student leave the school for any reason and upon graduation. The school office staff will not be able to accept or refund monies to students; this can only be done through the ARAMARK supervisor on staff. Parents can either pick up their refund at the school, or they can have it mailed directly to them. Balances for returning students will be carried over to the next school year. We highly recommend that you monitor the account balance as the school year comes to a close, to minimize the amount of money that is carried over. Monies may also be transferred to siblings or if your child transfers to another Archdiocesan High School.

Sincerely,
Paul Paetow
