**Notes:**

25 legislators representing 34 Florida counties serve on these TED appropriation subcommittees. That is 81% of the 42 counties that have recommended 2017-2018 DCA grant applicants: 10 are senators that serve on the Senate Appropriations Subcommittee on Transportation, Tourism, and Economic Development and 15 are representatives who serve on the House Transportation & Tourism Appropriations Subcommittee (TED subcommittees).

12 of the 34 counties (35%) represented on these Senate and House TED subcommittees have no recommended DCA 2017-2018 grants.

452 -- 71% of the 638 DCA qualified 2017-2018 grant applicants -- are based in 22 counties represented by TED subcommittee members.

If the Florida Legislature fully funds all of these DCA 2017-2018 qualified grants and the governor approves the appropriations, a total of \$38,255,202 -- 73% of the \$52,311,010 total DCA appropriation requests for four DCA grant-program categories -- will be invested in these 34 counties.
