Funds in Specific Appropriations 198, 203 and 207 reflect a reduction of \$114,258,763 from the General Revenue Fund and \$183,445,152 from the Medical Care Trust Fund as a result of eliminating inconsistent and arbitrary automatic add-on payments to individual hospital rates that exist on top of the established Diagnosis Related Group (DRG) and Ambulatory Patient Group (APG) methodologies for hospital inpatient and hospital outpatient services for hospitals who devoted a smaller portion of their profits to unreimbursed Medicaid and charity care compared to the for-profit hospital industry. The Agency for Health Care Administration shall eliminate the full add-on amounts for any hospital whose unreimbursed Medicaid and charity care in 2015 represented less than 67.06 percent of its overall profit, before applying a 10 percent disregard, measured according to the hospital's level of Medicare payments relative to charges. The Agency for Health Care Administration shall utilize data from the Florida Hospital Uniform Reporting System to determine levels of unreimbursed Medicaid and charity care as well as overall profitability. This reduction shall take effect July 1, 2017.

PROGRAM: SECURITY AND INSTITUTIONAL OPERATIONS

From the funds provided in Specific Appropriations 613, 626, and 639, a total of \$1,074,362 is provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities. Funding is provided as follows: \$269,324 for the Bay Correctional

Facility, \$339,242 for the Moore Haven Correctional Facility, \$275,560 for the South Bay Correctional Facility, \$100,000 for the Gadsden Correctional Facility, and \$90,236 for the Lake City Correctional Facility. These funds may not be distributed if there are outstanding claims for ad valorem taxes due on the property at issue and may not be distributed until the property is reclassified on the real property and tangible personal property rolls as Government State property back to the date the finance corporation or other state entity acquired the title thereto. These distributions shall be adjusted, with respect to any facility, to reimburse the Department of Corrections for the total amounts expended by the state in resisting the imposition of such ad valorem tax claims, including all attorneys' fees and costs actually incurred by the state's agencies.

Funds and positions in Specific Appropriations 582 through 708, and 722 through 753, support the state's inmate population. These funds and positions are sufficient to provide housing and security for 98,597 inmates when fully annualized. Variable expenses, maintenance, and health services funds are provided for an average daily population of 98,381 inmates. Funds address the expected prison population for Fiscal Year 2017-2018, as projected by the Criminal Justice Estimating Conference.

From the funds in Specific Appropriation 3098, shall be distributed to county supervisors of elections to be used for election administration activities such as voter education; pollworker training; standardizing elections results reporting; or other federal election administrative activities as approved by the Department of State.

County supervisors of elections will receive funds only after providing the Department of State a detailed description of the programs that will be implemented. Funds distributed to county supervisors of elections require a certification from the county that matching funds will be provided in an amount equal to fifteen percent of the amount to be received from the State.

Also, before a county supervisor or elections receives funds for any software or hardware technology, including, but not limited to any emerging technology that enhances or facilitates the delivery of absentee ballots, the casting and counting of valid votes, voting system audits or recount processes, and the certification of accurate and complete official election results, the software technology must first be certified or approved, whichever is applicable by the Department of State. Additionally, before the supervisor can receive funds for emerging and enhancing technology, the county supervisor and the chairperson of the county governing body must certify that the county has purchased and made available sufficient equipment for casting and counting ballots to meet the needs of the county electors including reducing the wait time at the polls during the early voting period and on election day for the next regularly scheduled general election.

To be eligible, a county must segregate federal funds and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for activities for which the funds were received. Funds shall remain in the account to be used for the same purpose for subsequent years or until such funds are expended. Supervisors of elections shall report to the Department of State any unspent funds remaining on June 30 of each fiscal year.
