National Governors Association

Florida's annual-appropriation investments in the Department of State Division of Cultural Affairs (DCA) four-matching-grants' programs have declined by 94% over the past five years. Florida was ranked #10 nationally in its appropriation investments in its \$4.7-billion arts and culture nonprofit industry; it now ranks #48.

These DCA matching grants are state-funding partnerships. They assist hundreds of eligible, well-vetted, and recommended nonprofit arts and cultural organizations leverage millions in the other necessary local private and public dollars they need to sustain their operations and programs throughout the year for greater access for all -- both residents and tourists.
