

Why Choose Zomaron

A trusted partner of the Atlantic Concrete Association (ACA)

Zomaron has been a trusted payment processor to thousands of businesses nationwide since 2008. With a full range of merchant service solutions, including our proprietary suite of payment products, Zomaron boasts the latest in payment technology with industry leading product and service support at exceptional rates.

Processing over \$2.5 billion in transactions yearly, our industry leading team of experts stay on top of all the latest trends, regulations, and important updates that are essential to the industry.

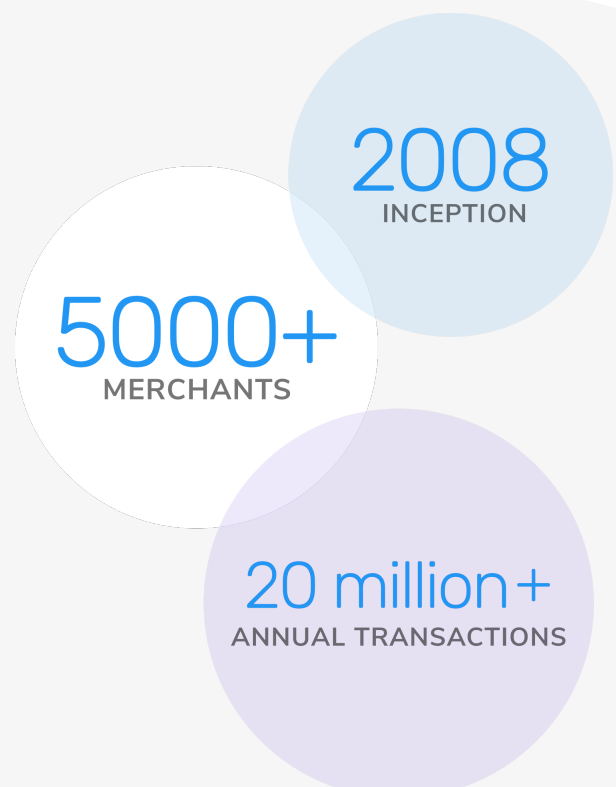

The Zomaron Philosophy

We are not the bank. We are business owners helping other business owners, who believe in the power of excellent client service. Recognizing that every transaction is an interaction our clients have with their customers, motivates us to offer the best possible customized solutions.

Zomaron's guiding principles are:

- always being available for our clients
- working hard to resolve any issues to the satisfaction of our clients
- always promoting products and services that will work for our client
- remaining at the forefront of payment technology
- always be exceptional

Association Program

Offering preferential rates for debit and credit card processing

As the preferred payment provider of the **Atlantic Concrete Association (ACA)**, Zomaron has worked closely with industrial businesses nationwide and is experienced in providing payment processing services designed to work with your business. As such, we would like to **extend our preferred partner rates to all ACA members who sign up with Zomaron**. Experience first-hand Zomaron's consultative approach, industry leading customer support, and cutting-edge technology, at a rate reserved for only our most valued customers.
