5. See section 16 of our rules and page 2 regarding concussion.

Tournament Lightning/Inclement Weather Procedures

Please continuously check our website home page, phone app and RainedOut for updates. One or up to all three will be used to communicate weather related issues.

Monitor weather for adverse conditions like lightning.

- i. Use the *Flash to Bang Method*: for each 5 second count from flash to bang, lightning is one mile away (ex: F-B of ten = 2 miles)

Anytime lightning is visible, **play will be suspended**. All players, coaches, fans, and referees should take shelter immediately in the following:

- ii. Fully enclosed metal vehicles with windows up.
- iii. Enclosed buildings. (available only at Landisville Middle School and East Petersburg Elementary School) Use extra caution at sites where no enclosed building is available.
- iv. The low ground – seek cover in clumps of bushes.
- v. AVOID metallic objects, trees, water, open fields, or using telephones.
- vi. Wait at least 30 minutes after last lightning flash before resuming activities. The referees will determine if it is safe to resume play.
- vii. If anyone is struck by lightning, call 911 immediately. Notify a field marshal immediately if you call 911.

Tournament Detected Lightning/Inclement Weather Procedures

In the event lightning or dangerous weather is detected, Referees will issue a command for everyone to depart to your vehicles. This will be initiated through the sound of an air horn blast to inform referees, teams and patrons to immediately abandon their match and go to their vehicles. HSC/Penn Legacy requires that all fields be cleared; teams DO NOT have an option to remain on the field – everyone MUST immediately go to and remain in their vehicles and wait for the signal to return to their match. Tents will also be cleared and all tournament staff is to move to vehicles.

- Teams will be notified by air horn and through the visible return of referees to the fields that it is okay to return to the fields and resume play.
- The following air horn blasts will be used to notify referees, teams and guests to either (a) clear the fields and wait in their vehicles or (b) return to the fields and resume play.
 - One long blast from the air horns means to clear the field.
 - Two or Three short blasts from air horns mean that players and parents can return to the fields and resume play.

Missing Parent and Missing Child Procedures

MISSING PARENT – Where a child finds an Tournament Representative and lets them know their parents/legal guardian(s) are missing or an adult, and on behalf of such child notifies a Tournament Representative that they have a lost child missing their parents. In such case, the child will be kept at venue headquarters until they are claimed by their parent/legal guardian.

MISSING CHILD – Where a parent or legal guardian notifies a Tournament Representative that they have a child missing. The following procedures are to be followed:

Continuous short blasts from the air horn means a child is missing and the venue is on lockdown. Lockdown means that no one can enter or leave the field complex. Field Marshals, referees and/or Club onsite Field Marshals and staff will block and/or lock all roadway entrance/exits so that people can NOT enter or leave the complex and 911 will be immediately notified.

One extremely long blast from the air horn means the child has been found and allowed entry and exit to the venue will be allowed.

Threat of Harm Policy

In the event it is formally reported to Tournament Staff that there is any imminent threat of actual abuse to oneself or to any others (*which includes physical, verbal or psychological and threats to perpetrate any of these types of acts*), Tournament Staff may at a minimum ask such person to be removed or to remove themselves from the team and premises (if applicable) until and if it is determined that the person is not a harm to themselves or others. The staff reserves the right to require a medical and/or law enforcement assessment and/or medical or law enforcement written statement be provided to Tournament Staff stating that such person is not a threat to harm themselves or anyone else. This applies to players as well as adults. Actions taken will be in the best interests of safety for all others involved in or supporting Tournament Staff and its players and administrators.
