The Space Coast Hurricane Youth Sled Hockey Team

The Space Coast Hurricane Youth Sled Hockey Team is the only competitive adaptive sports team for children on the east coast of Florida. All children who are unable to play stand up hockey are welcomed and encouraged to play sled hockey. The children love the freedom and speed the ice and sled gives them. For some children, this is their first and only opportunity to feel the thrill of going fast, playing a sport, and being part of a team. This year, Coach Tom took a team of youths to the Disabled Hockey Festival in Detroit, Michigan. The team played together for the first time this weekend and were excited to be in this national tournament. After 3 days and 5 games, the Youth Team came home with the National Championship in their division!

The 1st Annual Youth Sled Hockey Champion Fundraiser, on Sunday, November 13, 2016 at Crackerjacks in Titusville, will be our biggest fundraising effort for the youth team. Your help will provide the income to pay for equipment, ice time, and opportunity to play other sled hockey teams across the U.S. We invite you to be part of this exciting event and hope that you will consider partnering with the Space Coast Hurricanes Sled Hockey team in the form of a sponsorship. <http://spacecoastsled.webs.com/> is our website for more information or contact information.

This year's fundraiser will feature a fish fry, a children's fishing tournament, raffles, silent auction, and a live band! It would be an honor to have your support for this event in the form of a sponsorship and hope that you will consider partnering with the Space Coast Sled Hockey team as we take the next step towards making Brevard a great opportunity for disabled children to lead an active, healthy life-style. Anne Skinner, Volunteer Coordinator

A free support group for children ages 6-12 who have witnessed violence in the home.

Brevard SHINE

Please be aware that Brevard SHINE is preparing for the Annual Enrollment Period for insurance with Medicare. This is the time that drug plans & advantage plans can be changed to begin Jan. 2017. We are having a few Brevard office sites changing, but will have a site listing shortly. In the past the list is double-sided with info on how to request a presentation to groups on the other. AEP is from Oct. 15th to Dec. 7th. Prices come down from CMS about Oct. 1st. We would like help in getting the word out. We are under the Sr. Resource Alliance, Dept. of Elder Affairs, & CMS. We are volunteers & are listed in Aging Matters Directory & the North Brevard Coalition of Human Services among other directories. In Titusville I am the lead for Parrish office, but the county-wide co-leaders are Lance Jarvis of "Ask Lance" articles in Sr. Life and Joe Schuerger who created & manages our resources on the "drive".

Joan Threlkeld; Parrish SHINE office is 321-268-6563; shineparrish@gmail.com

Taking Steps to Healthy Success

An Early Care and Education (ECE) Learning Collaborative to Promote Healthy Eating and Physical Activity

HHS Update: Proposed rule to improve the marketplace

On Monday, [HHS published a proposed rule](#) that governs health insurance marketplaces and health plan participation in the marketplace. These rules are updated every year, and this year, [HHS is publishing the rule early](#) to make a number of improvements that begin as soon as 2017.

Marketplace health plan changes

There has been a lot of recent media coverage surrounding health plans exiting the health insurance marketplaces, including the recent announcement of Aetna leaving a number of states.

Check out this [Wall Street Journal article for a full perspective on the issue](#). Also see the [Kaiser Family Foundation's map of health plan participation](#) for the upcoming open enrollment period.

What does a health plan's exit mean for the enrollment process?

For consumers in states that use the federal platform (HealthCare.gov): People enrolled in a plan that exits the marketplace [may likely be automatically enrolled into a different health plan](#). This will occur if enrollees **do not** return to the marketplace to shop for another plan prior to December 15.

The new health plan automatically selected for the enrollee depends on a number of factors, including health plans in the service area. Typically, though, enrollees will be automatically placed in a plan of the same network and metal type, if possible.

Health insurers are still in the process of finalizing plans, and this process will continue for about a month. Families USA will continue to monitor state-by-state developments during this time, and we will provide you with regular updates.

Resources: Medicare Rights Center on marketplace and Medicare coverage

Looking to learn more about Medicare? Need a refresher on how the marketplace and Medicare interact? [Medicare Rights Center](#) has several great resources for assisters including a [toolkit](#) with Medicare 101 information and trainings on speaking with Medicare beneficiaries about the ACA.

Also, check out this [resource for examples of consumers seeking assistance](#).

CMS Update: Medicaid and CHIP enrollment numbers

Last week, [CMS released the latest state-by-state enrollment numbers for Medicaid and Children's Health Insurance Program \(CHIP\)](#) through June 2016.
