

Welsh Construction Announces New School Renovation Projects

Welsh Construction was chosen by the Brevard County School Board for \$10 million in design/build facility renovations at: Saturn Elementary School, Cocoa; Fairglen Elementary School, Cocoa, and; Kennedy Middle School in Rockledge. The renovations generally include renewal of school facilities, technology and security and were funded through the Brevard County School Board Surtax program approved by the voters in 2014.

Welsh Construction was formed by Ken Welsh in 2003 and provides commercial construction/renovation and design/build services in the following sectors: education- public, private and religious based, office, self- storage, retail, multi-family, churches and industrial.
