**You must have an environment of good energy in order to find true expression to live your dream.**

As we enter 2017, we are proud to reflect on the amazing impact Caritas Smile has had this past year. This work would not have been possible without the support of companies like yours.

Anxiously gazing into a bright 2017, we are looking forward to building a *Multi-Use Learning And Empowerment Center* in communities that have suffered natural disasters while building relationships with even more families who dream of living a healthier and more inspired life. We need the support and partnership of companies like yours to make these dreams a reality.

I would like to invite you to partner with us as we address the critical issue of the education gap for children coupled with lack of extracurricular programs in developing countries like Dominican Republic. You can be part of the solution in a number of ways:

- **Sponsor Our Multi-Use Learning And Empowerment Center** – Improve the lives of children in poverty and create a lifetime of possibilities for families in Dominican Republic. Our Educational programs encompass four pillars: e-learning (basic reading, writing, and math), extracurricular activities (art, music, dance, wood making), leadership skills (decision making, negotiating), and technology skills (web design, graphic design and e-commerce). Our programs are impactful and entertaining for devastated communities such as the ones we are engaging. Our programs increase a positive mental attitude while participants learn in a safe energized environment helping them to move forward with the tools needed to thrive and survive. Milagro Divino (Divine Miracle) Building Level \$35,000 (1)
- **Give To Our Take a Trip Change a Life Program** – As we build our *Multi-Use Learning And Empowerment Center*, we will keep costs down through volunteer labor, teaching, and in-kind donations. Student volunteers from University of Rhode Island, Rhode Island College, Providence College and Brown University are invited to attend our month long program where they will learn practical Spanish language and volunteer their time and put to use their academic learning in real communities. Programs will be launched via an e-learning method combined with mentoring and coaching model. Alma (Soul) Builder Level \$25,000 (2)
- **Build With Love - All White Masquerade Annual Ball** – Our All White Masquerade Ball in November will celebrate our mission and our accomplishments and recognize those who made it possible. Sponsorship levels specific to the event are available. Contributions will go towards our Education Programs. Educar (Educate) Builder Level \$10,000 (3)

In the end it comes down to this: Together we can build a place where children in need can thrive and families can find a safe place to gather, create art, dance, learn, and innovate, creating stronger communities for them to thrive in. Through this effort, we

can improve the availability of affordable education for children in need and work towards eliminating poverty.

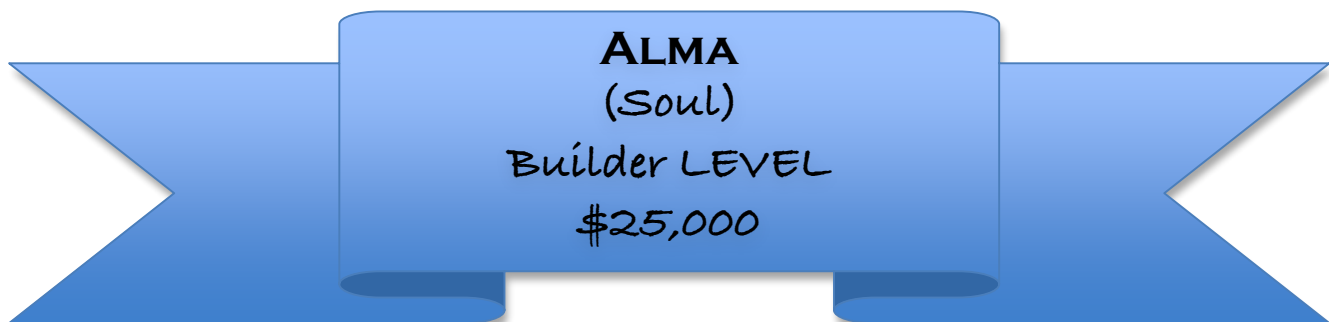

*Suzia Devine*

Founder & Creative Director

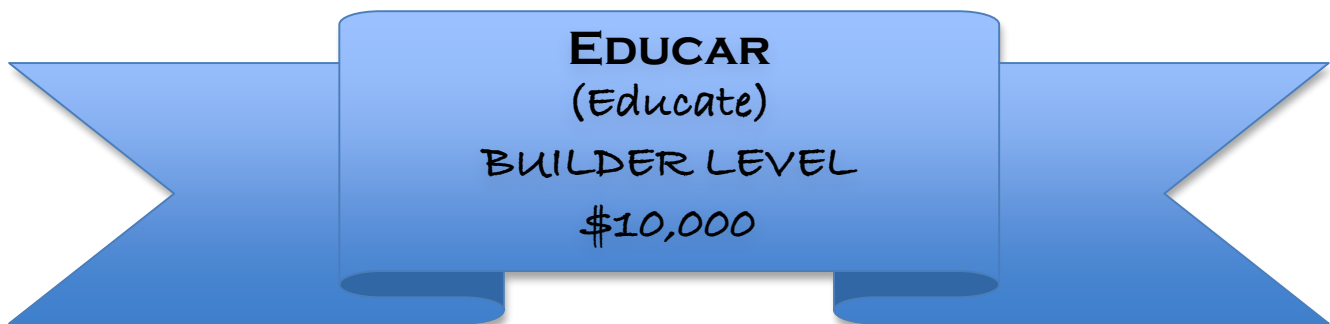

- Name dedication on *Multi-Use Learning And Empowerment Center*
- Dedicated press release issued by Caritas Smile to all Dominican media outlets naming your company as a **Milagro Divino (Divine Miracle) Builder** at the beginning of the partnership.

## The Caritas Smile Story

Over the Christmas holidays in 2010, three generations of Dominican - Americans living in Rhode Island – a four-year old child, his mother, and his grandmother – packed a suitcase full of two hundred stuffed animals and delivered them to children in the Dominican Republic who had never experienced the joy of receiving gifts for the holidays. *The response was overwhelming!* With this simple gesture of caring, these three pioneers touched the hearts of the children and families in a small Dominican village – Moncion, Santiago Rodriguez.

They became concerned for all the orphaned and abandoned children they saw in remote communities throughout the island nation. They had pride in their culture and the people. They had to take action.

Together they decided to start a *happiness movement* to put smiles on these children's *caritas*, or little faces. **Caritas Smile** was created in 2010.

Since then, our commitment in the Dominican Republic has been growing constantly spreading into Colombia, Mexico, Venezuela, Nicaragua and India. **Caritas Smile** has visited medical clinics, children's hospitals, schools, and churches in remote villages and surprised thousands of children and families with gifts for the holidays, inspiring smiles and hope for a brighter future.
