

# BVI 2017

# The British Virgin Islands (*Bare Boat Charter*) Cruise July 28<sup>th</sup> to August 5<sup>th</sup>, 2017

Join the DRFC on another exciting adventure, exploring the British Virgin Islands (BVI). We will cruise the islands for 7 days and visit 7 to 10 Islands in the BVI at our own pace.

## Who are we?

Just a tight nit group of friends and family who live and work in the DC, MD, and Virginia area who have been traveling together for years all over the world Deep Sea fishing, Skiing, Boating, Motorcycling, Vacationing and just simply enjoying new adventures wherever we can find it. We enjoy introducing others to our travel experiences. I'm Joe Banks, your trip leader and Captain.

# What is Bare Boating?

“**Bare boating**” refers to chartering a yacht that you sail yourself. Bareboat chartering is a participatory means of travel/vacation. It is not a big ship cruise. There are no waiters, maids, cooks - we will have a Captain for each boat, we party together, and we all join in and help out on the boat! “

## What if I don't have sailing experience?

Not necessary. The cost of the trip includes a Captain for each boat. All you need is a positive attitude and a willingness to help out. There's not much to do on a Power Vessel but *enjoy*.

## What if I get seasick?

Sometimes, even some seasoned Captains and crew may get a little queasy on the first day. But after that, your body adjust very quickly. We are never out of sight of land. The waters in the BVI are mostly calm and sheltered. The main thing is not to let sea sickness get in the way of having the time of your life.

A scenic view of a tropical bay with turquoise water, a white sandy beach, and lush green hills in the background. The water is a vibrant blue-green, and the beach is a thin strip of white sand. The hills are covered in dense green vegetation. In the distance, more hills are visible under a hazy sky. A small pier or dock is visible on the right side of the bay.

## How should I dress?

This isn't a big cruise ship so, bring casual, "quick-dry" clothing, water shoes/sandals w/non-skid soles swimwear, windbreaker, sunglasses w/strap, hat w/strap, and sun screen.

Enjoy swimming, snorkeling, scuba diving or just lounging on the beach while reading a good book. Take your time. We've got all day...

## Our Boats tied up together at one of the Islands

### What else should I bring?

Bring personal toiletries/medications, zip-lock bags, water-proof disposable camera, your favorite digital/movie camera, your favorite movies to share, music on your iPods, iPhones or iPads, comfortable walking/hiking shoes, and inexpensive rain jacket/pants, are helpful. It doesn't hurt to bring Dramamine or other over-the-counter motion-sickness medicine or the patch, just in case...

Who says you can't *try something new* in life? You just have to get out of your comfort zone and *do it...*

Just imagine being here .....

**How will we get here?** Well, there are several options for getting to Tortola in the BVI; **By Air, via San Juan** Many major airlines fly you all the way to Tortola by way of Beef Island. A typical flight jets into San Juan, Puerto Rico. From there it's just a short flight in a smaller airplane to Beef Island (EIS), where you'll check in at customs at the airport.

**Via St. Thomas:** *We recommend you fly directly to St. Thomas (STT) in the U.S. Virgin Islands.* From there we will have taxi service to take us to the Road Town Fast Ferry. The Ferry service will take us to West End, Tortola, BVI. The ferry ride can take about 45 minutes. From the ferry, we will have a taxi take us through the town of Tortola to the Mooring's Mariners Inn hotel where we will have lodging for the first night. Once we have checked into the hotel, our Welcome dinner party/buffet will begin shortly after. After dinner, we relax for the evening.

# July 2015

**We'll explore diverse islands and landscapes aboard our Moorings 43' & 51' Caribbean Power yachts.** The BVI offers protected waters with line-of-sight navigation, and full-service marinas. We will enjoy tranquil anchorages, picture-perfect beaches, friendly people and enticing local restaurants. A BVI powerboat itinerary offers plenty of opportunities to explore as much or as little as we want. With Power catamarans, we can cover a lot of ground and stop at several new places every day before heading to our overnight anchorage.

### **Moorings 514PC-Excl Plus Yacht**

The Moorings 514 PC (*Power Cat*) is a luxury 51-foot powered catamaran conceived and designed specifically for yacht charters. It's the ideal cruising platform, boasting three deck levels and four large cabins with en suite toilets and shower stalls. Fast, yet fuel efficient, easy to handle, spacious and loaded with amenities.
