

## **A Perspective From Our Teens: What's Really Going on in High School?**

**Wednesday May 24, 2017 from 6:30pm-8:00pm**

**Bel Aire School, Tiburon**

This event will be a Q&A format featuring our Teen Board members who currently attend Bay Area high schools. They will share their candid observations about current drug and alcohol trends and offer their unique perspectives on these issues. Additionally, our event will feature some young adults from Marin who will share their personal stories of battling addiction in high school. This event would be interesting and informative for students grades 6-12, teachers, educators and of course, parents. Please [RSVP here using our Eventbrite](#) to reserve your space.

**While we are not charging for tickets to our community events, they are fundraisers and we hope to raise money to help us expand our reach. We currently teach our drug and alcohol education curriculum in 18 Bay Area schools, and we would not be able to do this important work without the support of community members like you. All donations in support of this event and of Being Adept are greatly appreciated and will be accepted at the event or online at <http://livingadept.org/beingadept/support/>**
