

BetterBeer.com ABLE VIP Member Package

As proud new members of ABLE BC, we are offering a VIP Package for all ABLE members in the GVRD.

BetterBeer.com helps bar owners and managers who have one or more of the following challenges:

- Draught beer spillage of more than 10 ounces a day.
- Inconsistent, hand-me-down draught beer training. “We’ve always done it this way.”
- Pints that lose their head within seconds of pouring. Pints which servers must stir with a straw or “top-up” to put a head on prior to serving.
- Guest complaints of flat, cloudy, or warm pints that “taste funny”.

We don’t clean lines or sell equipment, meters, or beer gas. Our unique solutions have shown amazing results in other parts of Canada and now we are launching in BC. You don’t need to switch suppliers.

The ABLE BC VIP Package includes:

- ✓ Five passcodes to [The Serve Better Beer On-line Course](#)
- ✓ A [Commercial Beer Glass Cleaning Kit](#) (to be used weekly to supplement your current glass cleaning)
- ✓ And a digital copy of our [Draught Manual for Licensees](#)
- ✓ One of our detailed [Draught Quality Audits](#)

What is a draught quality audit? We will come in and spend about an hour auditing your draught system, everything from keg to glass. We’ll give you a score out of 100 and provide recommendations for you to improve quality and profitability. The results are confidential.

If purchased separately, these services would cost \$599, but we are offering them for a limited time to ABLE Members for only \$499, a savings of \$100

**To start 2017 off by making more money selling Better Beer
or to chat about this offer call us at (888) 811 - 2337**

BONUS: For any of our products or services purchased by an ABLE BC member, we will donate five percent of the sale to the Buy Ben A Beer movement from the BC Hospitality Foundation.
