

## EDITORIAL

Welcome to the **Hollywood Art and Movie Awards**.

The adventure started back in 2015, when we founded our first festival :

the **Paris Art and Movie Awards**. Three years later, the PAMA is the leading independent festival in Paris.

We created the **Hollywood Art and Movie Awards** to build *a direct bridge for the American filmmakers to connect to Paris*, and for the Parisian movie-makers to jump more easily to the City of Angels.

This inaugural edition of the **Hollywood Art and Movie Awards** will give plenty of opportunities to the filmmakers to network, to talk about their films, and to discover the work of others, in movies and in arts.

Thank you for your interest in the new generation of talents. Enjoy the show !

Festival founder
