

# CALLING ALL ADULT EDUCATION DIRECTORS, INSTRUCTORS, AND STUDENT LEADERS

## Adult Education Ambassadors

### Train the Trainer

#### COABE Pre-Conference Session

#### Sunday, March 25, 2018

Ambassadors become representational leaders by developing their voice so they can effectively represent other students and take action for social change on issues they care about.

COABE's Student Engagement Task Force wants to establish teams of trainers from programs around the country:

→ Director/Administrator + Staff/Instructor + Student Leader

## Ambassador Training 4 Components

- Awareness – statistics and research about the value of adult basic education
- Stories – most powerful tool to affect change
- Public speaking – message and delivery
- Meeting with officials – planning, practicing, facilitating meetings with people in power

---

**Scholarship funding is being set aside for up to 12 students from around the nation to attend this pre-conference session!**

---

## Goals

- Develop role and identity as a representational leader
- Provide students with skills for college & career success
- Increase visibility of adult education
- Offer networking for students – current and alumni
- Heighten the impact of Educate & Elevate with trained student leaders who are ready to deliver their powerful stories
