

## Hosted Couples Vacation to Calgary, AB July 28 - August 4, 2018

Join Orvis for an unforgettable week-long fly-fishing and cultural trip to Calgary with Out Fly Fishing. Located due north of Kalispell, Montana, along the Canadian Rockies, Calgary hosts an impressive diversity of fishing and outdoor opportunities in a culturally rich urban setting.

The Bow River runs through the middle of town and boasts strong acrobatic rainbows, and impressively large browns, all of which are wild stock. Guests will stay at the Delta Hotel, right in town and just minutes from Blue Ribbon fishing on the Bow. In addition to float trips on the Bow, guests may also choose from a diverse range of walk and wade opportunities: targeting bull trout (!), catching cutthroat and rainbow trout on dry flies, or fishing alpine lakes for golden trout, brookies and grayling. Guests may even choose to add on a helicopter trip to hit the most remote locations! Because of the wide range of waters, species and fishing tactics in this region, guides can easily accommodate every interest and skill level. And because many of the guides are also professional photographers, included in the package is a digital file of 6 professional photographs taken of each couple during the trip.

At this latitude, the long days allow shops and restaurants to stay open late in the summer, so after fishing each day, guests can enjoy shopping and dining in town. A group dinner in the famed Calgary Tower – a rotating restaurant 500 feet up – will kick off the trip, and a cocktail party at the fly shop will conclude the week. On free evenings, enjoy a \$40 dining credit at the hotel each day, or choose to explore the city on your own!

And finally, a trip to the area wouldn't be complete without a trip to Banff National Park, which is about 90 minutes away. Guests will enjoy a day sightseeing in the park with a personal tour guide and optional hikes!

Your Orvis hosts and local guides will ensure that you have everything you need for a memorable and customized vacation that includes fishing, sightseeing and dining! There's something for everyone on this couples' trip! Call your local store for additional details!

## [Sample Itinerary](#)

**Saturday:** Arrive in Calgary, and meet hosts from YYC at dinner at Calgary Tower.
