

## Find New Purpose

Over 50,000 people have taken a life-changing journey in one of JustFaith Ministries small group programs. Rooted in Catholic social teaching and the social gospel, our programs call faithful people to lives of new purpose through prayer, scripture, study of contemporary issues, encounter with those pushed to the margins of society, and dialogue that builds deep and lasting relationships.

JustFaith Ministries is a non-profit organization whose mission is to form, inform, and transform people of faith by offering them programs and resources that sustain them in their compassionate commitment to a more just and peaceful world.

We are grateful to our partners and the network of program graduates who form and support our work.

## Our Programs

JustFaith Ministries provides program materials and guides designed to support two co-facilitators in the process of offering transformative small-group experiences. Groups are typically 10 - 15 people. Churches, community organizations, or other groups may register. Group registration for programs is between \$175 and \$375. Some programs include DVDs, purchased separately, and books for each participant. The costs varies by program. JustFaith Ministries' online bookstore offers all program materials.
