

## WHY YOUR VOTE MATTERS

### **Elections can be very close.**

- In 2014, a state lawmaker and a U.S. Congressman from our area won by fewer than 200 votes.
- Local school board & funding issues are often even closer.

### **Local & state elected officials affect many things.**

- ✓ Our public schools
- ✓ Our police & fire services
- ✓ Our children's health care
- ✓ Our mental health & disability services
- ✓ Our streets & parks

### **People who DON'T VOTE give up their POWER and let others decide for them!**

- Arizona has a very low voter turnout.
- People who tend to be most directly affected by government policies are less likely to vote. This can mean cuts in funding for services their families need.

### **Register to vote...study the candidates/issues...& VOTE!**

Take the pledge to use your vote to change or keep something important to you, your family and your community.

I pledge to USE MY VOTE to \_\_\_\_\_
