**PREMIER MEDICAL GROUP TO EXPAND EYE, EAR, NOSE AND THROAT SERVICES
TO NEW EASTERN SHORE LOCATION IN DAPHNE, AL
*New Hwy 98 Medical Office Location Now Open***

DAPHNE, AL (September 1, 2017) – The newest location of Premier Medical Group has recently opened in a newly remodeled facility. The building houses 12,600 square feet of clinic space that more than doubles its current Daphne space and offers expanded services for Baldwin County residents.

“We now offer a full-service practice for eye, ear, nose and throat care in a brand new state of the art medical facility,” said Jimmy Hartman, CEO of Premier Medical. “We offer primary eye care services as well as specialty care including retina, glaucoma, cornea, oculoplastics, LASIK and cataract evaluations. Eyeglasses and contact lenses will also be sold at this location, as well as hearing aids and testing and allergy services. A C.T. Scanner is available at this location for convenient diagnostic evaluations. Essentially everything offered in our larger offices in Mobile will also be offered at this new location.” (Photo: Jimmy Hartman)

Premier also has three-locations in Mobile and one in Jackson, Alabama, to best serve the needs of its patients.

“Premier Medical Group is excited to be able to make this investment in fast-growing Baldwin County, where additional eye, ear, nose and throat care is needed for children and adults,” Hartman said.

In August 2016, White-Spunner Realty, Inc., represented Premier Medical Group (PMG) in the purchase of 4.25 acres and a building at 1302 U.S. Highway 98 in Daphne, now the site of the new PMG practice. Matt White, president of White-Spunner Realty, said his firm welcomes opportunities to partner with quality healthcare providers such as Premier Medical.

“We worked closely with Matt White,” Hartman said. “He was very helpful all along the way, helping us get as much information as we could. Anytime we called him, Matt would say ‘I’m on it’ and he’d get it done.”

The White-Spunner Realty team also assisted in developing an overall project budget and suggesting a design-build contract for building renovations. “It was really a smart move and a great idea given our time constraints,” Hartman said. “I can’t say enough about the great job that Matt White and White-Spunner Realty did for us”.

About Premier Medical Group

Premier Medical Group is one of the largest multi-specialty eye, ear, nose and throat groups in the southeast and even in the United States for over 100 years.

Premier Medical was formed in 1997 through a merger of Mobile Eye, Ear, Nose and Throat Center with Dauphin West Eye, Ear, Nose and Throat Specialists. Both medical practices trace their business lineage to the practice of Perdue & Perdue which was founded in 1915. Both groups evolved into multi-specialty clinics offering a complete line of eye, ear, nose and throat medical services. For years, the physicians of these clinics have been leaders in their field. Premier's commitment to treat each patient as an individual with the utmost care and concern has remained constant.

A complete line of specialty services is offered including medical and surgical eye, ear, nose and throat care, allergy testing and treatment, contact lenses, facial skin care, hearing aids and testing, laser vision correction and optical services.

Premier's extensive alliance of board-certified ophthalmologists, optometrists and otolaryngologists and specialists are leaders in their fields of expertise. Through their participation in clinical trials, research studies and continuing education, Premier Medical continues to bring the latest technology and treatment options available to our patients.

Based in Mobile, Premier has satellite offices throughout southern Alabama and the Gulf Coast of Mississippi. They are committed to providing the highest quality care to both children and adults in the region. For more information, visit premiermedicalgrp.com.

About White-Spunner Realty
