

# Burnt Store Isles Surveillance Camera System Procedures

To insure our neighborhood's safety and privacy, video from our surveillance cameras will only be given to our Punta Gorda Police Department to view. No video will be downloaded from our cameras or DVR unless requested by the PGPD.

BSIA wishes you to follow the following procedures if you experience an incident within our neighborhood:

- 1) Call 911, or the non-emergency PGPD line. 941-639-4111.
- 2) Fill out an incident report with the PGPD.
- 3) Make a note of the date AND time frame the incident occurred, as well as any other helpful information, i.e. make, model and color of a vehicle, and/or description of a suspect.
- 4) Ask the PGPD to contact either the President, Vice-President, or Security Director of BSIA and request a copy of the camera video from the suspected time period.

Thank you,

[Ralph McCarty](#)

BSIA Security Director
