

## STUDENT LEADERSHIP DAYS 2019

### PLAN

Students attend workshops on topics including Time Management and Project Planning. We teach your students how to manage their time to produce balance and then apply the Project Planning steps to begin the process of creating programs at your school!

### PRACTICE

A mix between "Minute to Win It" and "Amazing Race", the Leadership Challenge applies group dynamic and conflict management techniques to fun and exciting challenges played by the students. After discussing different personality types, your students will work together toward their goals!

### SERVE

All leaders learn that you cannot lead, unless you serve. Students learn how to put their Catholic faith in action in becoming servant leaders. Students are inspired with a module designed to encourage these future change makers to use their God given gifts to affect change in their families, schools, parishes and communities.

“

It does not matter how old you are...you  
can be a servant leader too!

- 5<sup>TH</sup> GRADER,  
OUR LADY OF GUADALUPE

“

Our middle school  
students truly enjoy learning  
from other high school students.  
The day is set up with lots of  
interactive learning which include skills  
that our students bring back to our  
school. It is a great opportunity to visit  
and experience the high school campus  
as well!

- MIDDLE SCHOOL ADMINISTRATOR

## 5<sup>TH</sup>, 6<sup>TH</sup> & 7<sup>TH</sup> GRADE STUDENTS WILL...

- ✓ Leave with 3-5 ideas for school projects (ranging from fundraising to spirit to community service). These ideas will have been presented and created with other students during the day
- ✓ Be more comfortable working in small groups towards common goals
- ✓ Have identified and practiced servant leadership and will be challenged to "find their passion"
- ✓ Not have to bring a thing! We cover all supplies, snack and lunch for the 5 hour program

### 2019 NON-PROFIT PARTNER

Once upon a Room provides an invaluable service to children and teens in the hospital while fighting serious, life threatening illnesses or acute trauma often resulting in permanent disabilities and months of medical treatment and extended outpatient care. Through hospital room decorating, events and programs, we are able to bring joy to their hospital stay and beyond.
