

## Thought Leadership Webinars Live and On-Demand from Achieve3000

### **May 21 at 4pm ET – [Using Digital Literacy to Build Unstoppable Reading Grit](#)** *Presented by Debi Crimmins in partnership with EdWeb*

Join us for an interactive session led by Dr. Debi Crimmins, Vice President of Customer Advocacy for Achieve3000, and learn how adaptive digital literacy scaffolds support a growth mindset and the grit needed to accelerate informational text proficiency.

### **July 16 at 3PM ET – [Designing Learning They'll Love – Making Learning Personal](#)** *Presented by Cindy Elsberry in partnership with EdWeb*

Dr. Cindy Elsberry, former Superintendent at Horry County, South Carolina, will illustrate that—just like Pandora—schools can design learning experiences that students will enjoy. Technology affords educators the opportunity to design student-centered experiences that will meet each student where they are academically and continue to challenge them.
