

Eureka Math Module Studies

The PD Department is offering grade level module studies that will allow teachers to take a deep dive into the key topics and content needed to plan Eureka lessons. These half-day sessions will provide participants with real time support in preparing lessons for the current or upcoming module.

Teachers will need to register in PLZ and must bring their Teacher's Edition for the module that will be covered during the training. All sessions will take place at the TLA.

There is space for one teacher from each school to attend. Teachers should work with their principals to determine who will attend the PD and bring back the information to teachers in their building.

Tues, Sept 5 - Grade 7 Module Study: Module 2 (Course #14526)

Wed, Sept 6th – Grade 6 Module Study: Module 3 (Course #14566)

Thur, Sept 7th – Grade 5 Module Study: Module 2 (Course #14569)

Mon, Sept 11th – Grade 3 Module Study: Module 2 (Course #14571)

Mon, Sept 11th – Grade 4 Module Study: Module 3 (Course #14572)
