

Big Green has a teacher workshop with 3 dates coming up in March. They are all on PLZ, and open to all teachers interested in school gardening. Information about the workshop is below:

You are invited to Big Green's Spring Planting & Watering Workshop! You will learn how to plant spring seeds and seedlings, discuss watering techniques, and learn how to make curriculum connections in the learning garden. We encourage two teachers from your schools to attend so you can learn together. A light snack will be provided.

You can register on PLZ and please also
