

Gifted Academy Summer 2018

CBU Gifted Academy is designed to help K-12 teachers fulfill the Tennessee employment requirements for teaching gifted students.*

We are happy to announce that **Nancy Wilder** will teach CBU's Gifted Academy for the ninth summer in a row. Professor Wilder has taught children in the legacy Memphis City School System, the legacy Shelby County School System, a Charter School (Promise Academy), and in the Marion, Arkansas School System. She has National Board Certification in special education.

CBU students currently enrolled (whether M.A.T., M.Ed., M.S.E.L., or a Licensure-Only Program) should register for the course(s) and finalize their student account before the summer semester begins. New students to CBU should start the registration process during the 2018 spring term. CBU requires that we have transcripts from every university you have attended prior to being accepted into the academy.

**ALL CLASSES MEET 8:00 A.M.
UNTIL NOON**

"Small class size made it possible to engage in lively and real discussion about the state of gifted education today."
– T.R.

"Anyone who learns the pedagogy, techniques, and strategies of her Gifted Academy courses at CBU will be far better prepared to serve and meet the full spectrum of academic, social, and emotional needs of CLUE kiddos than any online course or sitting for test alone." – C.S.

For more information or an application, email nwilder@cbu.edu

*Some Tennessee school systems require a minimum number of years of successful teaching experience in addition to coursework.
