

BEP Teacher Supply Funding Update

According to recent changes to Tennessee Code Annotated (49-3-359 (a)), **ALL** K-12 teachers have \$200 available to use on instructional supplies. The money is to be distributed by October 31st for use during that school year. The money will be allocated to each teacher in the form of a budget to be used to procure supplies and each school's financial secretary is responsible for providing that allocation to all teachers.

Finance has communicated the policy to all principals and provided each secretary the appropriate funding code for each category of teacher to eliminate any delays that have been experienced. If you have not used your disbursement, please contact your financial secretary by September 21st. If you experience any issues or have concerns with the execution of this policy, please email financequestions@scsk12.org and reference "BEP Supply Funding".
