

**Join us for the 2017 West
Tennessee Science Olympiad
Coaches Workshop.**

Date: Saturday Oct. 21, 2017

Location: Cooper Wilson Building
CBU Campus
650 E. Parkway South
Memphis, TN 38104

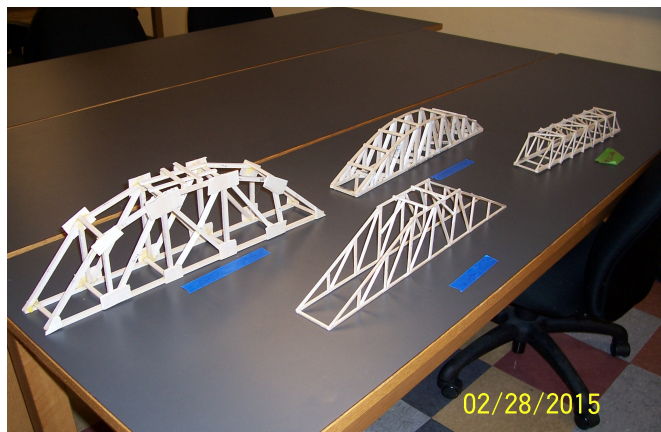

Cost: \$25 per person

The third annual Science Olympiad Coaches Workshop at Christian Brothers University will be held on our campus Oct. 21, 2017. We hope to create an environment in which current coaches, prospective coaches and coaches helpers can learn about Science Olympiad teams and events and in which they can network with one another in order to facilitate their work with the Olympiad teams.

The Morning sessions will cover starting and maintaining a team, different aspects of building with Balsa wood, information on the Astronomy type events (both B and C) as well as some information on the Chemistry Lab event. The afternoon sessions will cover Write it Do it and one or more physics events. The events we are discussing have both B and C components and the presenters will cover both levels. Participants will receive a certificate of participation or other form of verification that can be used to obtain in service credit. A continental breakfast and lunch will be served on the third floor of Cooper Wilson. For further information contact:
